Expires 31 August 1979

STAT

OFFICIAL PARKING AT CHAMBER OF COMMERCE BUILDING

Because of the new vehicle towing policy at the Chamber of Commerce Building, the Office of Training Logistics Branch is revising its requirements for reserving Official Parking spaces. Beginning 28 August, persons requesting these spaces should supply to the Logistics Branch the make and color of the visitor's vehicle. Visitors should be informed that Logistics personnel will regularly monitor the lot; if they drive a car other than the one previously described to their host, they must promptly report the change or risk being towed away.

Harry E. Fitzwater  
Director of Training
